**AUTOBACS SEVEN Announces  
Application for Selection of Prime Market in Tokyo Stock Exchange  
New Market Segments**

(Translation of major points of Japanese release)

AUTOBACS SEVEN Co., Ltd. ("the Company," Representative Director and Chief Executive Officer: Kiomi Kobayashi) has confirmed it meets the listing standards for the new Tokyo Stock Exchange (TSE) Prime Market. On July 9, the company received from the TSE the results of the initial assessment of its compliance with the listing standards of the new market segments with a base date for transition of June 30, 2021.

At a board meeting held today, the Company confirmed it had elected to join the Prime Market scheduled to be introduced on April 4, 2022, and that it would begin the necessary application procedures.

The Prime Market will comprise companies with high market value (liquidity) subject to investment by institutional investors, with high standards of corporate governance, and committed to ongoing growth and a mid- to long term increase in corporate value underpinned by constructive dialog with investors.

Based on our long-term vision "2050 Creating Our Future Together", the Company will further to reinforce our ability to promote management strategies and its corporate governance in order to realize "We face the issues of society, automobiles, and people's lives to create a brighter, more vigorous future. Our energy comes from our customers. We will steadily grow, day by day, as individuals and as a company, as we continue to shine." and will work to achieve ongoing growth and increase corporate value over the middle- to long-term.
