AUTOBACS Express

In June 2019, same-store and total-store sales increased by 4.7% and 4.3% respectively from the same month in the previous year (LY). Factors behind the percent changes were as follows. 1) An extra Sunday compared to LY. 2) Increased sales of tires due to effective sales promotion and strong sales continued for dashcams. 3) Increased sales of statutory safety inspection and maintenance services according to increasing number of cars subject to statutory inspection and sales initiatives at stores. 4) Sales of car purchase and sales business fell below LY due to the decrease in BtoB sales despite the strong sales of new car and increased number of car purchasing via the Car Purchase Specialty stores.
